Director's

Corner

This month, all state agencies received additional information on the FY2010, FY2011 and FY2012 budget requirements as the seventh special session of the State Legislature wound down. There were impacts on all state agencies, but not all agencies were impacted the same. Additionally, Ronald Dalrymple there are still some things Executive Director impacting state revenues

that are not fully settled and may result in additional modifications in agency budgets.

Actions taken by the legislature and the Governor to date that have a direct impact on the Board are the following:

- Performance pay has been eliminated. Every employee receiving performance pay will have their pay package reduced by the amount of their performance pay. This can be up to 2.75% of their pay package.
- Each employee will have to take one unpaid mandatory furlough day between May 29, 2010 and June 11, 2010, or the agency will have to reduce the 2010 expenditures by an equivalent amount in FY 2010.
- Each employee will have to take six unpaid mandatory furlough days in FY 2011.
- Each employee will have to take six unpaid mandatory furlough days in FY 2012.
- No pay raises may be given without authorization from the Department of Administration.
- All vacated positions must be approved for replacement hiring by the Department of Administration.

The natural assumption about the reduction in hours worked would be some additional delay in the processing of applications and investigations. We do not anticipate any delays will be lengthy and we are currently looking for possible changes in our procedures to reduce or eliminate the delays.

We will continue to strive to provide effective and efficient service to those requesting service from the Board.

current resident or

Letter from the Chair

Karen Cesare, RLA

The Arizona Board of Technical Registration is among the most diverse boards of its type in the country. A few other states, such as Minnesota, have a single board that regulates multiple disciplines, but many more states have multiple boards regulate one or two closely disciplines, engineering branches only.

Karen Cesare, RLA

Our Board is unique because of the inclusion of assayers, home inspectors and certified remediation specialists (aka drug laboratory site remediation firms, supervisors and workers) under our regulatory authority. These, along with the inclusion of all the more commonly recognized professions, make it safe to say this Board may regulate the widest variety of professionals of any board in the United States.

The Board itself consists of members from the architectural, engineering, land surveying, geology and landscape architectural professions along with a public member. The makeup of the Board is established by State Statutes. All Board members are appointed by the Governor.

The diversity of the Board provides a wide range of experience and perspectives that are available to inform and shape issues before the Board. Licensure issues are primarily handled by the Board members in the specific disciplines. In most cases, applications for licensure fit neatly into the requirements and review and approval are simple matters of confirming an applicant's qualifications. There are, however, exceptions to every rule, and a significant number of applicants do not fit seamlessly into the requirements. In these cases it is the responsibility of the Board member to carefully review the applications and make a recommendation to the entire Board for granting of licensure. Most of the acceptable applicants are granted registration under one vote that includes a list of acceptable applicants in all disciplines for the particular month.

Areas where additional scrutiny may be needed are typically in the experience of the applicant or the qualifications of the supervising registrant.

Other cases include the educational qualifications, especially in evaluating non-accredited degrees. In addition, applicants who answer "yes" to a few key questions on the application for registration, specifically dealing with misdemeanor or felony convictions, are typically brought before the entire Board for consideration.

Each discipline represented on the Board has ties to a national organization that helps coordinate licensure of that discipline across the country. These umbrella organizations vary from discipline to discipline, but all have key common elements, namely the development and administration of national tests for registration in their specific field and providing support to each states' regulatory boards. Board members participate in these national organizations as part of their duties on the Board.

The national organizations that provide support to our Board include:

- Nation Council of Architectural Registration Boards (NCARB)
- National Council of Examiners Engineering and Surveying (NCEES)
- National Association of State Boards of Geology (ASBOG)
- of Landscape Architecture Registration Boards (CLARB)

These organizations meet regularly to review and discuss issues relative to testing and registration across the county. By being involved in these organizations, Board members stay current with trends and issues that are happening in other states. This is important to our Board members, because it allows them to provide relevant information to the Board. This broad base of knowledge strengthens the Board and helps us stay up-to-date with issues that may affect us in the future. Conversely, we have an opportunity to provide important information to our counterparts from other states, demonstrating leadership and raising the profile of Arizona's professionals nation-wide.

With our diversity comes strength and depth, as each Board member has an opportunity to provide unique input based on their background and perspective. I invite anyone interested in seeing first hand how well this works to attend one of our Board meetings. Information on meeting dates, time and place can be found on the Board website.

Board Meeting—Suite 250 Board Room

Arizona State Board of Technical Registration for Architects, Assayers, Certified Remediation Specialists, Engineers, Geologists, Home Inspectors, Landscape Architects, Surveyors and Clandestine Drug Laboratory Site Remediation Firms & Personnel

1110 W. Washington, Suite 240 Phoenix, AZ 85007 (602) 364-4930 phone (602) 364-4931 fax Web site: www.azbtr.gov

BTR Mission

The purpose of this Agency is to protect the public by setting appropriate registration qualifications and enforcing state statutes relating to the practice of all Board-regulated professions and occupations. Any person who does any of the following is acting in violation of the law (A.R.S. \S 32-145) and is guilty of a class 2 misdemeanor:

- Practices, offers to practice or by any implication holds himself out as qualified to practice any Board regulated profession or occupation if the person is not registered or certified as provided by this chapter.
- Advertises or displays any card, sign or other device that may indicate to the public that the person is certified or registered or is qualified to practice any Board regulated profession or occupation if the person is not certified or registered as provided by this chapter.
- 3. Uses "certified," "professional certified," "professional," "registered," "registered professional" or "professional registered" in conjunction with any Board regulated profession or occupation if the person is not certified or registered as provided by this chapter.
- 4. Uses a certification or certificate of registration of another, or uses an expired or revoked certification or certificate of registration.
- 5. Presents false evidence to the Board with the intent to obtain a certification or a certificate of registration.
- 6. Otherwise violates any provision of this chapter.

The Board and Executive Director, aided by staff investigators, investigate allegations of violations of A.R.S. § 32-145 and other crimes committed pursuant to illegal practice of the regulated professions, and present criminal complaints to Town, City, and County Attorneys and the Attorney General for prosecution (A.R.S. § 32-107).

Staff Directory

Arizona State Board of Technical Registration for Architects, Assayers, Certified Remediation Specialists, Engineers, Geologists, Home Inspectors, Landscape Architects, Surveyors and Clandestine Drug Laboratory Site Remediation Firms & Personnel

ADMINISTRATION

Ronald W. Dalrymple, CPM

Executive Director (602) 364-4930
Duties: Oversees Board operations.

ron.dalrymple@azbr.gov

Cassie Goodwin, CPMAdministrative Services Officer

602-364-4947
Duties: Administrative management of the general

accounting functions, coordination of the Legislative & Rules Committee.

cassie.goodwin@azbtr.gov

Hank Diaz, CPMP

IT Analyst 602-364-4952

Duties: Coordinates internal IT functions; Maintains the BTR website & coordinates internal IT services & assists with Board investigations.

hank.diaz@azbtr.gov

Shari Courtnay

Administrative Secretary II 602-364-4887

Provides administrative support for accounts payable.

shari.courtnay@azbtr.gov

LICENSING AND EXAMINATION Melissa Cornelius

Deputy Director 602-364-4933

Duties: Oversees Architect, Assayer, Engineer, Geologist, Landscape Architect, Land Surveyor, Home Inspector, and Certified Remediation Specialist licensing, and examination functions; Personnel Director for the Board.

melissa.cornelius@azbtr.gov

LaVern Douglas, CPM

Deputy Director 602-364-4937

Duties: Oversees Architect, Assayer, Engineer, Geologist, Landscape Architect, Land Surveyor, Home Inspector, and Certified Remediation Specialist licensing, and examination functions; Personnel Director for the Board.

lavern.douglas@azbtr.gov

Loretta Blabon

Customer Service Representative 602-364-4943

Duties: Assigned to applicants whose last names begin with **A-K**; processes applications for Board review; assists applicants with application-related problems.

loretta.blabon@azbtr.gov

Tanya Rodriguez

Customer Service Representative 602-364-4942

Duties: Assigned to applicants whose last names begin with **L-Z**; processes applications for Board review; assists applicants with application-related problems.

tanya.rodriguez@azbtr.gov

Gina Latour

Customer Service Representative 602-364-4941

Duties: Receptionist, Customer Service and Renewals.

gina.latoure@azbtr.gov

Pamela Sallay-McHose

Customer Service Representative 602-364-4932
Duties: Receptionist, Customer Service and Renewals.

pamela.sallay-mchose@azbtr.gov

ENFORCEMENT/INVESTIGATIONS Regarding:

Architects, Assayers, Certified Remediation Specialists, Engineers, Geologists, Landscape Architects, and Surveyors

Kathryn Fuller, CPM

Assistant Director Investigations Manager 602-364-4945

Duties: Oversees investigations process; conducts investigations of alleged violations of state regulations. Negotiates consent orders on behalf of the Board.

kathryn.fuller@azbtr.gov

Lori Evans

Investigator 602-364-4939

Duties: Conducts investigations of alleged violations of state regulations.

lori.evans@azbtr.gov

Jenny Lubben

Investigator 602-364-4946

Duties: Conducts investigations of alleged violations of state regulations.

jenny.lubben@azbtr.gov

Travis Holbrook

Investigator 602-364-4940

Duties: Conducts investigations of alleged violations of state regulations.

travis.holbrook@azbtr.gov

Sylvia Bates

Administrative Secretary 602-364-4951

Duties: Administrative support for Enforcement Division.

sylvia.bates@azbtr.gov

Arlene Shaw

Administrative Assistant 602-364-4950

Duties: Administrative support for Enforcement Division.

arlene.shaw@azbtr.gov

HOME INSPECTION/ DRUG LAB REMEDIATION

Regarding:

Home Inspectors and Drug Lab Remediation Programs

Lisa Vardian

Program Project Specialist
Drug Laboratory Site Remediation Program
Coordinator
602-364-4948

Duties: Conducts investigations of alleged violations of state regulations.

lisa.vardian@azbtr.gov

Manuel Maltos

Program Project Specialist Home Inspector Program Coordinator 602-364-4949

Duties: Conducts investigations of alleged violations of state regulations.

manuel.maltos@azbtr.gov

C. Vernon Lewis

Investigator 602-364-4938

Duties: Conducts investigations of alleged violations of state regulations.

vernon.lewis@azbtr.gov

Heidi Petcu

Customer Service Representative 602-364-4944 Duties: Assists Home Inspector/Drug Laboratory Site

Remediation Program Coordinators. <u>heidi.petcu@azbtr.gov</u>

Examination Information

2010 Examination Schedule Board Web Site: www.azbtr.gov

4.0 ARCHITECT EXAMINATIONS

The Architect Registration Examination ("ARE") is a computerized examination offered year-round and consist of the following:

ARE 4.0 Test Fees

Programming Planning &	
Practice	\$210
Site Planning & Design	\$210
Building Design &	
Construction Systems	\$210
Schematic Design	\$210
Structural Systems	\$210
Building Systems	\$210
Construction Documents	
& Services	\$210

Test Rescheduling:

Test Rescheduling Fee

Candiates are no longer permitted to bring a personal calcultor into the testing center.

For more information, visit the National Council of Architectural Registration Boards (NCARB) Web site at: http://www.ncarb.org or contact NCARB at:

NCARB 1801 K Street, NW Suite 1100-K Washington, DC 20006 (202) 783-6500

If you have any further questions or concerns, please contact <u>LaVern Douglas</u>.

Assayer

Testing

Testing is done year round at the Board of Technical Registration.

State Of Arizona Board Of Technical Registration 1110 West Washington Street, Suite 240 Phoenix, Arizona 85007 (602) 364-4930

${\bf Geologists, \ Land \ Surveyors-PLEASE \ NOTE:}$

Your application should be submitted 315 days prior to the examination dates to ensure compliance with our time frame rules and to allow adequate time to receive education transcripts and/or references. You must submit the application fee when you send in your application. There is a separate fee for the examination and you will be notified by mail when these fees are due. An application will not be considered complete until all verifying data is received.

If you submit an application after the 315-day mark, every effort will be made to process your application and certify you for the next examination. However, if your application is incomplete, a shorter processing time means we may not be able to certify you for the next examination date.

Students enrolled in a professional degree program who wish to take the in-training exam during their final year may file an application before starting the final year of study. School endorsement may be submitted at any time prior to the examination signup deadline established by the appropriate national council.

It is extremely important that you notify us in writing of any address changes prior to the examination.

Arizona Approval and Registration Information

NOTE: Individuals who have previously applied for approval to take an FE and/or PE exam through Arizona Board office can proceed with registration. If you are unsure of your approval status, please contact the Arizona Board office at (602) 364-4930.

Potential examinees must apply to take the exams through NCEES. If you would like to apply through NCEES, please follow the instructions below.

Engineers—Please Note:

1. FE Examinees

To register for the Fundamentals of Engineering (FE) examination, you must apply directly to NCEES to determine your educational eligibility to sit for the FE examination based on Arizona's requirements.

Applicants for the FE examination must be a college senior or a graduate of an engineering program of 4 years or more accredited by EAC/ABET. To determine if your degree is accredited, visit the ABET Web site (http://www.abet.org/accrediteac.asp) for a complete listing of schools.

2. PE Examinees

To register for the PE examination, you must apply directly to NCEES to determine your educational eligibility to sit for the PE examination based on Arizona's requirements.

This application is accepted at all times during the year. However, in order to be considered for the **April** examination, you must submit your application to ELSES *no later than* **February 1**; **for the October examination, you must submit your application to ELSES** *no later than* **August 1**. Upon approving your education, ELSES will send you instructions on registering for the examination.

NOTE: Once you must register with NCEES to begin testing.

GEOLOGIST EXAMINATIONS

Examination Dates 2010:

October 1, 2010

For more information, visit the National Association of State Boards Of Geology (ASBOG) Web site at: http://www.asbog.org or contact ASBOG at:

ASBOG The Granby Building, Suite "O" 1801 Charleston Highway Cayce, SC 29033 (803) 739-5676

ENGINEER AND LAND SURVEYOR EXAMINATIONS

Examination Dates for 2010:

April 16, 2010 to April 17, 2010 October 29, 2010 to October 30, 2010

For more information, visit the National Council Of Examiners For Engineering And Surveying (NCEES) Web site at: http://www.ncees.org or contact NCEES at:

NCEES P.O. Box 1686 Clemson, SC 29633-1686 (800) 250-3196 or (864) 654-6824

LANDSCAPE ARCHITECT EXAMINATIONS

To apply for the Landscape Architect Registration Examination ("L.A.R.E."), candidates should contact the Council of Landscape Architectural Registration Boards ("CLARB") directly and complete a CLARB Council Record. The CLARB application process includes completing the CLARB application form and providing verification of required information such as education and work experience. Once confirmation of your required information is received, CLARB will admit you to the L.A.R.E. and will forward all pre-examination information to you directly.

To apply for the L.A.R.E. through the CLARB Council Record, click here https://www.clarb.org/

L.A.R.E. Administration Dates:

The dates for the administration of the graphic sections of the L.A.R.E.

Sections C and E are as follows:

- * June 7-8, 2010
- * December 13-14,2010
- * June 13-14, 2011
- * December 5-6, 2011

The dates for the administration of the multiplechoice sections of the L.A.R.E.

Sections A, B and D are as follows:

- * March 8-21, 2010 (Any multiple-choice exam may be taken on any day within the two-week window)
- * September 13-26, 2010 (Any multiple-choice exam may be taken on any day within the two-week window)

In addition to serving as the application for the L.A.R.E., the Council Record also provides the documentation that you will need when you apply for licensure in Arizona and in other jurisdictions. This eliminates the need for you to gather this information redundantly. Council Record holders are also entitled to discounts on important examination publications such as the examination handbook, The Road to Licensure and Beyond, including "Understanding the L.A.R.E. and Diagnostic Vignettes."

Once you have completed the L.A.R.E., you may apply for licensure in Arizona. Instruct CLARB to transmit your Council Record to the Arizona State Board of Technical Registration, and follow the instructions for professional licensure application found on this web site. Please Note: Although you may have successfully completed and passed the L.A.R.E., you must still fulfill the education and/or experience requirements of A.R.S § 32-122.01 Qualifications for professional registration.

To download and print out a complete Administration Report and Fee Schedule, go to www.clarb.org/mba/lare_admin_changes.pdf. You must have Adobe Acrobat Reader 4.0 or higher to access the information (see note on our home page).

For more information, visit the Council of Landscape Architectural Registration Boards (CLARB) Web site at: http://www.clarb.org or contact CLARB at:

CLARB 144 Church Street NW Suite 201 Vienna, VA 22180 (703) 319-8380

Disciplinary actions taken by the Board

Disciplinary action was taken against the individuals/firms listed below. **The information provided is a brief summary**. Although every effort is made to ensure that the information is correct, before making any decision based upon the information below, you should check with the Board office to assure accuracy. The listing may not reflect a change occurring near or following the publication date. Further, the listing does not reflect pending appeals for re-hearings.

Case No.	Respondent	Summary of Findings	Summary of Board Action
		JANUARY 26, 2010	
M09-017	Richard K. Frost P.E. (Structural) #27341	On or about April 2008, Respondent failed to apply the technical knowledge and skill that would be applied by other qualified registrants who practice the same profession in the same area and at the same time. Respondent sealed structural calculations for a detached carport that were deficient in that Respondent failed to adequately review the plans before sealing them; the structural calculations addressed the vertical and lateral loads but did not provide sufficient details to address actual intended construction; there was no lateral support provided for the structure. After the carport had been constructed, the lack of bracing was observed. Additional bracing was needed to stabilize the structure.	Letter of Reprimand Restitution—Respondent shall pay client \$450.00 Cost of Investigation—Pay cost of investigation in the amount of \$115.00.
M09-026	William R. Kirk Land Surveyor #37931	On or about November 2007, Respondent failed to conduct a survey in accordance with the Arizona Boundary Survey Minimum Standards. Respondent located three of the corners of a lot and set the northwest corner. The survey was deficient in that there was a one foot chaining error causing the corner to be located incorrectly and encroach on the roadway by one foot; Respondent did not prepare a Results of Survey and record it in the Apache County Recorder's Office within the required time.	Letter of Reprimand Amend Survey—Respondent shall amend his Results of Survey and record it with the Apache County Recorder's Office. Cost of Investigation—Pay cost of investigation in the amount of \$105.00.
HI10-011	Richard J. Dinolfi Nonregistrant	Respondent offered home inspection services in Arizona without individual registration in violation of A.R.S. § 32-145 (1). Respondent contracted to conduct a home inspection and issued an inspection report for the fee of \$300.00. This was offered on or about October 14, 2009 to Mr. & Mrs. Wilson, a complaint was received on that inspection. Respondent handed out business cards offering home inspection services in Arizona in violation of A.R.S. § 32-145 (2). Respondent offered home inspection services to the public without financial assurance. Respondent offered home inspection services as Parker Home Inspectors without firm registration in violation of A.R.S. § 32-141 (A)(D).	Letter of Reprimand Assurance of Discontinuance Civil Penalty—Pay a civil penalty in the amount of \$2000.00. Restitution—Pay restitution to Mr. & Mrs. Wilson in the amount of \$300.00. Costs of Investigation—Pay cost of investigation in the amount of \$127.00.
		FEBRUARY 23, 2010	
HI10-016	Saad Sean Shoucair Nonregistrant	Respondent offered home inspection services in Arizona while having a revoked certification in violation of A.R.S. § 32-145. Respondent handed out business cards offering home inspection services in Arizona for approximately one year in violation of A.R.S. § 32-145 (2). Respondent advertised a former employees inspector certification number in his advertising materials without that inspectors knowledge in violation of A.R.S. § 32-145 (4). Respondent offered home inspection services to the public without financial assurance. Respondent offered home inspection services as 1st Choice Home Inspections without firm registration in violation of A.R.S. § 32-141 (A)(D).	Letter of Reprimand Assurance of Discontinuance Civil Penalty—Pay a civil penalty in the amount of \$8000.00. Costs of Investigation—Pay cost of investigation in the amount of \$162.00.

State's Mandatory Furlough Program

The Board office will be closed on the following dates pursuant to the State's Mandatory Furlough Program:

FY2011: July 23, 2010

August 20, 2010 September 17, 2010 November 26, 2010 December 23, 2010 June 10, 2011

FY2012: July 22, 2011

August 19, 2011 September 16, 2011 November 25, 2011 December 23, 2011 June 15, 2012

FEES

Posted on the BTR website: www.azbtr.gov

Payment of fees shall be in United States dollars in the form of cash, check or money order; however, if a check is returned for insufficient funds, repayment, including payment of the returned check charge, shall be made in cash, money order or certified check.

Fee Waiver

A registrant who retires from the active practice of architecture, assaying, engineering, geology, landscape architecture or land surveying or who is not currently practicing architecture, assaying, engineering, geology, landscape architecture or land surveying in this state may request that the Board

place the registrant's certificate of registration on inactive status. The registrant shall submit the request on a form prescribed by the Board.

Refunds

No application fee refunds will be allowed after the application has been assigned an application number and processing commences.

Notice

July 22, 2008 Action of the Board regarding fees. The Board changed the fees charged by the Board the following amounts:

In-training application fee from \$30 to \$40;

Professional application fee from \$90 to \$100;

All originial registration and subsequent renewal fees for all registrants, except home inspectors and drug laboratory supervisors and on-site workers, were set at \$195 for a three year registration;

All originial registration and subsequent renewal fees for home inspectors were set at \$65 for one year registration, and

All originial registration and subsequent renewal fees for drug laboratory supervisors and on-site workers will remain at the current rates.

All fee scheduled changes became effective on October 1, 2008.

Arizona State Board of Technical Registration • Page 13

April, May, June 2010 Firm and Branch Registration

"Firm" means any individual or partnership, corporation or other type of association, including the association of a nonregistrant and a registrant who offers to the public professional services regulated by the Board. A.R.S. § 32-141 governs registration of firms offering professional services in any Board regulated profession or occupation in Arizona. The statute requires that firms apply for registration annually, and that branch offices of firms also apply for registration. Firms must identify a registrant, who is also a principal of the firm, in each category of services offered. Branch offices must have a designated registrant, who does not have to be a principal, in charge of the professional services offered at that branch office.

Any firm currently offering services without a current annual firm and/or branch registration on file with the Board is in violation of Board statutes and rules and is subject to disciplinary action, which may result in cancellation of the firm's or branch's authority to offer professional services in Arizona.

All firm and branch office registrations expire one year from the date of issue and a new application must be received annually, within thirty (30) days of the anniversary date of the original firm or branch registration. An application fee of \$20.00 must also be included with each application. Please note that the Board will mail out renewal reminders, however it is the firm's responsibility to ensure that a current registration is on file.

In addition, all firms shall notify the Board, using the Application/Statement for Annual Firm Registration, within thirty (30) days of any change in principals, designated registrants, services offered, and/or firm or branch name or address. There is no fee required for changes to a current registration.

Registered firms are listed on our web site under "LISTINGS—Firm/Branch Listings" in the Table of Contents panel. If you do not see your firm listed there, be sure to contact the Board as soon as possible to arrange for registration.

Note to Drug Lab Site Cleanup Firms:

Do *not* use the Firm and Branch Registration forms found on the Board's website to register a Drug Lab Site Cleanup firm. **Instructions** and **forms** for registration of Drug Lab Site Cleanup firms are located in the *Drug Lab Site Cleanup* section elsewhere in the Forms area of the site.

Substantive Policy Statements

The Administrative Procedure Act requires the publication of substantive policy statements issued by agencies (A.R.S. § 41-1013(B)(14)). Substantive policy statements are written expressions which inform the general public of an agency's current approach to rule or regulation practice. Substantive policy statements are advisory only. A substantive policy statement does not include internal procedural documents that only affect the internal procedures of the agency and does not impose additional requirements or penalties on regulated parties or include confidential information or rules made in accordance with the Arizona Administrative Procedure Act. If you believe that a substantive policy statement does impose additional requirements or penalties on regulated parties you may petition the Agency under A.R.S. § 41-1033 for a review of the statement.

- 1. Alteration of Plans During Plan Checks (Effective May 30, 1997)
- 2. Interpretation of term "Total Cost of Such Construction" (Effective March 9, 2001)
- 3. Fire Sprinklers and Fire Alarm Systems (Effective March 18, 2002)
- 4. Sealing Of Standard Details (Effective June 17, 2002)
- 5. Use Of Electronic Seals And Signatures (Effective June 17, 2002)
- 6. Home Inspector Financial Assurance Bond Language (Effective August 20, 2002)
- 7. Dating and Signing Seals and Revisions to Drawings (Effective December 9, 2002)
- 8. Home Inspector Preferred Vendor or Similar Programs (Effective January 13, 2004)
- 9. Monumenting Public Land Survey System Section or Quarter Section Corners (Effective November 9, 2004)
- 10. Requirements for Recording Results of Survey Drawings (Effective June 21, 2005)
- 11. System or Component Source/End Point (Effective November 24, 2009)

1. ALTERATION OF PLANS DURING PLAN CHECKS

Questions have also been brought forward relating to the altering of sealed plans by building officials during the plan review check process. After reviewing its statutes and rules, the Board developed this substantive policy statement. This substantive policy statement is offered as guidance to persons interpreting Board statutes and rules.

SUBSTANTIVE POLICY STATEMENT

Documents that are signed and sealed by registrants that represent the exercise of the registrant's professional discretion and judgement are professional documents. Arizona Revised Statute § 32-125 requires registrants to seal plans, specifications, plats or reports prepared by the registrant or his or her bona fide employee. Substitution of a registrant's professional judgement that results in a modification to the document constitutes the practice of the profession. If the modification is performed by a nonregistrant, the nonregistrant must be working under the direct supervision of a registrant. Additionally, the supervising registrant shall sign and seal the changes to the documents. No person may alter a registrant's sealed professional document except under the following circumstances:

Another registrant may, when employed to check the documents, modify the documents. However, the registrant modifying such documents shall clearly delineate all modifications, seal those changes, and be held fully responsible for the changes made and the impact of those changes on the original design. A.R.S. § 32-125(B).

Any person checking documents for compliance with any applicable statutes, codes, ordinances, rules or regulations such as building codes, fire codes or zoning ordinances may "redline" and/or list required changes to meet the codes, as this is not the practice of the profession. However, a nonregistrant may not require modification of a professional document submitted for review, unless that modification is supported by reference to an applicable code or standard. In other words, a nonregistrant shall not modify, in any manner, a document embodying the discretion or judgement of a registrant, unless the nonregistrant can cite a specific code or standard to support that modification.

Filed with the Secretary of State on 5-30-97.

Arizona Revised Statutes §§ 32-101(A), -121, -128(B), -130, and -145.

Arizona Administrative Code R4-30-301(A)(3) and R4-30-304.

Profession, in this policy statement, means architecture, assaying, engineering, geology, landscape architecture, or land surveying.

2. INTERPRETATION OF TERM "TOTAL COST OF SUCH CONSTRUCTION"

Questions have been brought forward relating to the term "total cost of such construction," as contained in A.R.S. § 32-144(A)(6), and what the Board of Technical Registration (Board) has interpreted this term to encompass. After reviewing its statutes, the Board developed this substantive policy statement. This substantive policy statement is offered as guidance to persons interpreting Board statutes and rules.

SUBSTANTIVE POLICY STATEMENT

A.R.S. § 32-144(A)(6) states that a non-registrant may design a water or wastewater treatment plant, or extensions, additions, modifications or revisions, or extensions to water distribution or collection systems, if the total cost of such construction does not exceed twelve thousand five hundred dollars. The term at issue has, in the past, been consistently interpreted by the Board to include the design and construction of the system. The term does not include any fees, such as for permits or registration, nor costs for maintenance. This term also has not been interpreted to include costs for purchase of lands. The term simply includes costs for services normally performed by a designer and a contractor .

Filed with the Secretary of State on 4-26-01.

APPLICABLE LAW

Arizona Revised Statutes §§ 32-101(A), -144(A)(6), and -145.

3. FIRE SPRINKLERS AND FIRE ALARM SYSTEMS

Questions have been brought forward relating to roles of registrants and non-registered persons in preparing design documents for fire sprinkler, fire alarm, and other code regulated alarm systems. This substantive policy statement is offered as guidance to persons interpreting Board statutes and

SUBSTANTIVE POLICY STATEMENT

- 1. A qualified registrant, or any other person, may develop installation drawings for fire sprinkler, fire alarm, and other regulated code alarm systems and submit those drawings to the authority having jurisdiction for review and/or permit as allowed by the authority having jurisdiction. All layouts prepared in accordance with the criteria specified by a professional registrant are not considered to be professional documents. Installation drawings for sprinkler systems may include selecting pipe sizes by performing hydraulic calculations in accordance with applicable codes and standards. Preparation of fire alarm installation drawings, include circuiting and voltage drop and battery calculations, in accordance with applicable codes and standards may be done by non-registrants as allowed by the authority having jurisdiction.
- 2. For fire sprinkler systems, the following are considered to be professional registrant
 - 1. Consider the range of hazards of the project;
 - 2. Prepare hazard analysis; identify the hazard classification of the intended occupancy, including any special hazards;
 - 3. Determine the applicable codes and standards and appropriate engineering practices;
- 4. Ascertain the availability and adequacy of the water supply for the project;
- 5. Determine the appropriate design density and area of operation for each hazard area.
- 3. For fire alarm and other code regulated alarm systems, the following are considered to be professional registrant activities:
 - 1. Determine the system type;
 - 2. Determine the applicable codes and standards and appropriate engineering practices;
 - 3. Determine device types and locations;
 - 4. Prepare generalized riser diagram;

- 5. Coordinate and interface with other systems;6. Develop system specifications.
- Examples of work that may be done by a non-registrant are:

Layout of automatic fire sprinkler systems and their related hydraulic calculations for installation or permit.

Filed with the Secretary of State on 3-28-02.

APPLICABLE LAWS

Arizona Revised Statutes § 32-101(B)(11). Arizona Administrative Code, Title 4, Chapter 30 R4-30-302 (B)(4).

4. SEALING OF STANDARD DETAILS

Questions have been brought forward relating to the legality of a registrant signing and sealing standard details and specifications formally adopted by a political jurisdiction, to show they have been reviewed and accepted by the registrant. After reviewing Board statutes and rules, the Board has determined that placing a signature and seal on the document, along with a written disclaimer, is an acceptable practice. This substantive policy statement is offered as guidance to persons interpreting Board statutes and rules.

SUBSTANTIVE POLICY STATEMENT

A Registrant's duty to seal professional documents does not extend to standard details or specifications that have been officially adopted by the state, municipal or county agency that has jurisdiction over the project.

It is the responsibility of the registrant to clarify or disclaim those portions of a professional document that were not prepared by the registrant or their bonafide employee.

This substantive policy statement does not negate the registrant's responsibility to protect the public health, safety or welfare as required in section R4-30-301 (12) of the rules of the Arizona State Board of Technical Registration.

Filed with the Secretary of State on 6-17-02.

APPLICABLE LAW

Arizona Revised Statutes §32-125 (B), (D), and (E).

5. USE OF ELECTRONIC SEALS AND SIGNATURES

Questions have been brought forward relating to the use of electronic seals and signatures on professional documents. After reviewing Board statutes and rules, including R4-30-304, as well as A.R.S. \S 32-125 (E), A.R.S. \S 41-132 and A.R.S. \S 44-7001 through A.R.S. \S 44-7043, the Board developed this substantive policy statement. This substantive policy statement is offered as guidance to persons interpreting Board statutes and rules.

SUBSTANTIVE POLICY STATEMENT

Electronic seals and signatures that meet the criteria of Arizona Revised Statutes (A.R.S.) Title 41 and Title 44 are acceptable for all professional documents. Security, verification and control of the signature are the responsibility of the registrant.

This policy statement does not change or limit any existing rule or method of sealing professional documents.

Filed with the Secretary of State on 6-17-02.

APPLICABLE LAWS

Arizona Revised Statutes \S 32-125 (B) and (E). Arizona Administrative Code, Title 4, Chapter 30, R4-30-304.

6. HOME INSPECTOR FINANCIAL ASSURANCE BOND LANGUAGE

Questions have been brought forward relating to language that will be acceptable to the Board, for use in issuing bonds as financial assurance for home inspectors as provided in A.R.S. § 32-122.02. The certification of home inspectors is currently being conducted under Emergency Rules approved by the Attorney General on August 14, 2002, and home inspectors are mandated to provide proof of financial assurance within 60 days of receipt of certification. Therefore, this substantive policy statement is offered as guidance until such time as the final rules relating to the certification of home inspectors are in place.

This substantive policy statement is advisory

Substantive Policy Statements continued to page 15

Substantive Policy Statements continued from page 14

only. A substantive policy statement does not impose additional requirements or penalties on regulated parties or include confidential information or rules made in accordance with the Arizona Administrative Procedure Act. If you believe that this substantive policy statement does impose additional requirements or penalties on regulated parties you may petition the Agency under A.R.S. § 41-1033 for a review of the statement.

SUBSTANTIVE POLICY STATEMENT

The following language contained in a bond obtained by a home inspector as proof of financial assurance under the provisions of A.R.S. § 32-122.02 is acceptable to the Board:

KNOW ALL MEN BY THESE PRESENTS that we, ____as Principal, and ____, a Corporation, qualified and authorized to do business in the State of Arizona as a Surety, are held and firmly bound unto the State of Arizona, Board of Technical Registration for use and benefit of any injured person as defined below, in the sum of TWENTY-FIVE THOUSAND AND NO/100 (\$25,000.00) lawful money of the United States of America, to be paid to any injured person for which payment well and truly be made, we bind ourselves, our heirs, executors, administrators, successors, and assigns, jointly and severally, firmly by these presents.

WHEREAS, the above named Principal has made application to the Board of Technical Registration, State of Arizona, for certification as a Home Inspector within the meaning of Title 32, Article 1, of the Arizona Revised Statutes and rules adopted pursuant thereto and is required by the provisions of such statutes and rules to furnish a bond in the sum named above.

NOW, THEREFORE, the condition of this obligation is such that if the Principal shall strictly, honestly and faithfully comply with the provisions of the statutes and rules adopted pursuant thereto and shall satisfy any final judgment in favor of an injured person arising out of any transaction governed by the provisions of such statutes and rules, then this obligation shall be void; otherwise to remain in full force and effect.

"Injured Person" as used herein means any person who contracts with a Certified Home Inspector to obtain a home inspection and who is damaged by the failure of the home inspector to perform the inspection or related services in accordance with the provisions of Title 32, Article 1, of the Arizona Revised Statutes and the rules adopted pursuant thereto.

This bond shall become effective on _____, and shall remain in force until the Surety is released from liability to the Board of Technical Registration, State of Arizona, or until this bond is cancelled by the Surety. The Surety may cancel this bond and be relieved of further liability hereunder by giving thirty days written notice to the Principal and to the Board of Technical Registration at its offices.

This bond shall be one continuing obligation, and the liability of the Surety for the aggregate of any and all claims which have been awarded by litigation and deemed uncollectible shall in no event exceed the amount of the penalty hereof.

In witness whereof, the signature of the Principal hereto is affixed, and the corporate seal and the name of the Surety hereto is affixed and attested by its duly authorized officers at Phoenix, Arizona, this _____day of _______, 200_____.

(Print name of principal officer)
BY:

APPLICABLE LAW

Arizona Revised Statutes § 32-122.02(B)(2).

7. DATING AND SIGNING SEALS AND REVISIONS TO DRAWINGS

Questions have been received concerning the dating of a registrant's seal on professional documents when original documents are sealed and when revisions are made to professional documents after they have

Arizona State Board of Technical Registration • Page 15

been sealed and signed by the registrant. After reviewing Board statutes and rules, including R4-30-304, as well as A.R.S. \S 32-125, the Board developed this substantive policy statement. This substantive policy statement is offered as guidance to persons interpreting Board statutes and rules.

SUBSTANTIVE POLICY STATEMENT

To comply with R4-30-304:

If a professional document is revised by the originating registrant after the date the seal is signed, that registrant may:

- 1. indicate the date, nature and scope of the revisions, or,
- 2. re-seal, re-sign, and re-date, with the current date.

If an electronic document is revised and re-plotted, it is considered a new professional document.

It is not acceptable to change the date on a seal.

When multiple sheets in a set of professional documents are individually sealed, only those revised sheets need to be re-sealed and signed. The cover sheet for the set does not need to be re-sealed unless the cover sheet has been revised.

Filed with the Secretary of State on 1-26-04.

APPLICABLE LAWS

Arizona Revised Statutes § 32-125 (B) and (E). Arizona Administrative Code, Title 4, Chapter 30, R4-30-304.

8. HOME INSPECTOR PREFERRED VENDOR OR SIMILAR PROGRAMS

The Board's rules at A.A.C. R4-30-301.01(B)(1) provide that Certified Home Inspectors shall not "pay or receive, directly or indirectly, in full or in part, a commission or compensation as a referral or finder's fee." Questions have been brought forward regarding whether the Board considers the participation by Certified Home Inspectors in preferred vendor or similar programs with real estate companies, offices, agents or brokers, when compensation is paid by the Certified Home Inspector to the real estate entity, as violating this rule. This substantive policy statement is offered as guidance to persons interpreting this

This substantive policy statement is advisory only. A substantive policy statement does not include internal procedural documents that only affect the internal procedures of the agency and does not impose additional requirements or penalties on regulated parties or include confidential information or rules made in accordance with the Arizona Administrative Procedure Act. If you believe that this substantive policy statement does impose additional requirements or penalties on regulated parties, you may petition the Agency under Arizona Revised Statutes § 41-1033 for a review of the statement.

SUBSTANTIVE POLICY STATEMENT

Arizona Administrative Code Section R4-30-301.01(B)(1) prohibits a Certified Home Inspector from paying compensation, even in an indirect manner, in order to obtain a referral for home inspection business. Many real estate companies, offices, brokers and/or agents have established programs under

various names (i.e., "preferred vendor," "approved vendor," "marketing partner") in which the home inspector makes a financial payment to the real estate entity to be included on a list of recommended inspectors, preferred providers or part of a similar program.

The Board believes that payment by Certified Home Inspectors to real estate entities or other parties who have a financial interest in the real estate transaction, to be included on a list of recommended inspectors, preferred providers, or similar program, is at a minimum an indirect payment for referral of business by the party to the Certified Home Inspector and violates A.A.C. R4-30-301.01(B)(1).

Filed with the Secretary of State on 1-16-04.

APPLICABLE LAWS

Arizona Revised Statutes §§ 32-106(A)(5), and -128. Arizona Administrative Code, Title 4, Chapter 30, R4-30-301.01(B)(1).

9. MONUMENTING PUBLIC LAND SURVEY SYSTEM SECTION OR QUARTER SECTION CORNERS

The Board's rules provide that Land Surveyors must adhere to the Arizona Boundary Survey Minimum Standards and with state laws pertaining to the surveyor's area of practice. A.A.C. R4-30-301(4) and (13) (effective August 7, 2004). The Arizona Boundary Survey Minimum Standards at Section 9 provides standards for establishing, replacing or setting boundary monuments. Section 9(A) concerns setting monuments at Public Land Survey System Section or Quarter Section corners by referring to "applicable state statutes" relative to monumenting those positions. Section 9(C) concerns setting monuments, in general. Questions have been raised regarding the Board's interpretation of what state statutes are applicable when applying Section 9(A) and regarding the interplay between Sections 9(A) and (C). This substantive policy statement is offered as guidance to persons interpreting those sections in complying with the Board's rules.

This substantive policy statement is advisory only. A substantive policy statement does not include internal procedural documents that only affect the internal procedures of the agency and does not impose additional requirements or penalties on regulated parties or include confidential information or rules made in accordance with the Arizona Administrative Procedure Act. If you believe that this substantive policy statement does impose additional requirements or penalties on regulated parties you may petition the agency under Arizona Statutes § 41-1033 for a review of the statement.

SUBSTANTIVE POLICY STATEMENT

The Board's rules provide that Land Surveyors must adhere to the Arizona Boundary Survey Minimum Standards and with state laws pertaining to the surveyor's area of practice. A.A.C. R4-30-301 (4) and (13) (effective August 7, 2004). The Arizona Boundary Survey Minimum Standards at Section 9 provides standards for establishing, replacing or setting boundary monuments. Section 9(A) concerns

Substantive Policy Statements continued to page 16

Page 16 • Arizona State Board of Technical Registration

Substantive Policy Statements continued from page 15

setting monuments at Public Land Survey System Section or Quarter Section corners by referring to "applicable state statutes" relative to monumenting those positions. Section 9(C) concerns setting monuments, in general.

The Board believes that the "applicable state statutes" relative to monumenting Public Land Survey System Section or Quarter Section corners are those which address landmarks and surveys, currently contained in A.R.S. § 33-103. Accordingly, the land surveyor shall follow the requirements of A.R.S. § 33-103 when establishing, replacing or setting Public Land System Survey monuments at Section or Quarter Section corners and shall follow the requirement in Section 9(C) of the Arizona Boundary Survey Minimum Standards when establishing new or replacement boundary monuments and witness corner monuments. Finally, land surveyors shall also comply with the requirements of A.R.S. §§ 104 through 106 when establishing, replacing or setting any type of boundary monument.

10. REQUIREMENTS FOR RECORDING RESULTS OF SURVEY DRAWINGS

The Board's rules provide that Land Surveyors must adhere to the Arizona Boundary Survey Minimum Standards and with state laws pertaining to the surveyor's area of practice. (A.A.C. R4-30-301 (4) and (13), effective August 7, 2004) The Arizona Boundary Survey Minimum Standards at Section 13 provides standards to ensure the recordation of appropriate survey drawings. Section 13 (C) concerns the requirement to record a survey drawing whenever ANY land boundary monuments are set in conjunction with a "new" survey. Questions have been raised regarding the Board's interpretation of what a "new" survey means in the context of Section 13 (C). This substantive policy statement is offered as guidance to persons interpreting Section 13 in complying with the Board's rules.

This substantive policy statement is advisory only. A substantive policy statement does not include internal procedural documents that only affect the internal procedures of the agency and does not impose additional requirements or penalties on regulated parties or include confidential information or rules made in accordance with the Arizona Administrative Procedure Act. If you believe that this substantive policy statement does impose additional requirements or penalties on regulated parties you may petition the agency under Arizona Statutes § 41-1033 for a review of the statement.

SUBSTANTIVE POLICY STATEMENT

The Board's rules provide that Land Surveyors must adhere to the Arizona Boundary Survey Minimum Standards and with state laws pertaining to the surveyor's area of practice. (A.A.C. R4-30-301 (4) and (13) effective August 7, 2004) The Arizona Boundary Survey Minimum Standards at Section 13 provides standards for when a surveyor must create and record survey drawings. Section 13 (C) concerns the requirement to record a survey drawing when any land boundary monuments are set in conjunction with the new survey.

The Board interprets the term "new survey" to be synonymous with "present survey" or "most recent survey" so that even if the present or most recent survey is a retracement of an existing prior survey, whenever any monuments are established, including those set to replace missing or damaged monuments of the previous survey, those actions require the surveyor to create and record a survey drawing documenting the new monumentation as established.

Accepted by the Board on June 21, 2005

The appropriate date on the seal of an original document is the day that document is sealed and signed.

The Administrative Procedure Act requires the publication of substantive policy statements issued by agencies (A.R.S. § 41-1013(B)(14)). Substantive policy statements are written expressions which inform the general public of an agency's current approach to rule or regulation practice. Substantive policy statements are advisory only. A substantive policy statement does not include internal procedural documents that only affect the internal procedures of the agency and does not impose additional requirements or penalties on regulated parties or include confidential information or rules made in accordance with the Arizona Administrative Procedure Act. If you believe that a substantive policy statement does impose additional requirements or penalties on regulated parties you may petition the agency under A.R.S. § 41-1033 for a review of the statement.

11. SYSTEM OR COMPONENT SOURCE/END POINT

Questions have arisen concerning the specified source/end point for a system or component in a home when a system or component is not in the scope of work of the home inspection.

After reviewing Board statutes and rules, including R4-30-301.01, the Board developed this substantive policy statement. This substantive policy statement is offered as guidance to persons interpreting Board statutes and rules.

SUBSTANTIVE POLICY STATEMENT

In the case of a system or component excluded from the scope of the home inspection, the source point or end of inspection locations shall be described as:

The excluded component from system to the point at which the feed is dedicated to that component or

As an example, the inspection of a swimming pool electrical feed may end at the point it exits the electrical panel if it is fed from the main electrical panel. If the swimming pool is fed by a sub-panel dedicated to components or systems excluded from the inspection scope, the sub-panel is not required to be inspected. Inspection of the water supply feeding the swimming pool automatic fill system may be excluded and not inspected to the point at which it exits the structure or other feed source.

APPLICABLE LAWS

Arizona Revised Statutes § 32-101(B)(18) Arizona Administrative Code, Title 4, Chapter 30, R4-30-301.01

Issued: November 24, 2009 November 24, 2009 Effective:

Filed with the Arizona Secretary of State's Office December 14, 2009.

Filing a Complaint

Pursuant to A.R.S. §§ 32-106(A)(5) and -106.02, and A.A.C. R4-30-121, the Board has the authority to investigate complaints submitted regarding possible violations of the Board's statutes and rules. The Board may take disciplinary action against a registrant for the commission of any of the acts identified in A.R.S. § 32-128. Additionally, the Board may assess civil fines and/or file a criminal complaint against non-registrants for violations of A.R.S. § 32-145.

The Board does not have jurisdiction over contractual disputes involving registrants. Law prohibits us from giving you legal advice, legal opinion, or action as a 'private' attorney. If you have suffered or may suffer civil wrongs such as significant monetary loss, you may want to contact private counsel to discuss your legal civil rights and

Complaints may be filed with the Board:

- By mail or in person to: Arizona State Board of Technical Registration 1110 W. Washington St., Suite 240
- Phoenix, Arizona 85007 By fax to: (602) 364-4931
- By call to: (602) 364-4930

• via e-mail to: Kathryn Fuller Investigations Manager (602) 364-4945

Duties: Conducts investigations of alleged violations of state regulations. Oversees investigations process. <u>kathryn.fuller@azbtr.</u>

Lisa Vardian Drug Lab Program Coordinator (602) 364-4948 Duties: Conduct investigations of alleged violations of state regulations with regards to Drug Lab seizures, remediations, firm and worker registration violations. lisa.vardian@ azbtr.gov

Manuel Maltos Home Inspector Program Coordinator (602) 364-4949

Duties: Conduct investigations of alleged violations of state regulations with regards to Home Inspector firm and Home Inspector registration violations. <u>manuel.maltos@azbtr.</u>

The Board accepts anonymous complaints, but without your name or contact information, the staff will not be able to contact you for additional information or to advise you on the status of the complaint. The Board can keep your name confidential if:

- 1. you request that your identity not be disclosed, and
- 2. your testimony is not essential to the disciplinary proceedings.

Tips on Filing a Complaint:

Provide the Board staff with as much information as possible about:

- 1. the identity of the registrant;
- 2. the project;
- 3. the conduct that you feel violated Board statutes or rules;
- 4. the identity of any witnesses or additional victims; and
- 5. copies, or the location, of any corroborating evidence.

Investigation/Complaint Review Process (see A.A.C. R4-30-120):

- 1. Review to determine Board jurisdiction.
- 2. If it appears jurisdiction has been established, the complaint will be reviewed by members of the investigative team to determine the appropriate investigation steps.
- 3. Additional evidence will be obtained as
- 4. The respondent, if a registrant, will be offered the chance to appear before an enforcement advisory committee, if the complaint appears to be a possible violation of technical practice standards.
- 5. The complainant and other witnesses will be interviewed as necessary.
- If an enforcement advisory committee was convened, the committee shall make a disposition or recommendation.
- 7. If the recommendation of the committee is for disciplinary action, the respondent shall be offered an opportunity to meet with Board staff to discuss a possible settlement agreement.
- 8. If settlement cannot be met, the respondent may provide a counterproposal for Board consideration.
- To assist them in determining how to conclude the case, the Board will be presented with the following at a Board meeting:
 - 1. A synopsis of the complaint issues;
 - 2. Additional investigative information relevant to the Board's review;
 - 3. Committee recommendations if a committee was convened;
 - 4. Staff recommendations;
 - 5. A signed consent order for Board consideration, if one has been received; and
- 6. Respondent's counterproposal, if no signed consent order has been received.
